WHAT ARE ZODIAC SIGNS MAKE MISTAKES IN LIFE:

Zodiac signs are believed to influence personality traits, which can sometimes lead to specific mistakes in life. For example, Aries may act impulsively, while Taurus can repeat errors due to stubbornness. Gemini might get distracted or overthink, and Cancer may let emotions cloud judgment. Leo's pride and overconfidence can cause oversights, whereas Virgo's perfectionism can lead to hesitation. Libra may struggle with indecisiveness, and Scorpio's intensity or secrecy might trigger conflicts. Sagittarius's risk-taking, Capricorn's rigidity, Aquarius's unconventional thinking, and Pisces's idealism can also result in missteps. While astrology provides insights, it's important to remember that mistakes are a natural part of life and depend on individual experiences and choices.
